REPORT OF PUBLIC HEALTH NURSING SERVICE

*To the Chairman of the Board of Selectmen and Citizens of
the Town of Sebec:*

Following is a report of Public Health Nursing Service given by our county organization during the past year.

With better health an asset to National Defense we must bend our efforts even more strenuously to our task of preparing our future citizens to meet the demands which will be placed upon them mentally, morally and physically. Sound minds and sound bodies will be needed more than ever.

In attempting to survey our objectives and accomplishments during the past year, we find that considerable service has been given.

Early in the year annual physical inspection was given in the Station School. At this time it was found necessary to make several home visits in regard to pediculosis (head lice).

Material aid was given to one family.

A call came for classroom inspection at the Village School at this time. It seemed wise to make annual physical inspection as well, including the children from Bowerbank. No communicable disease was found at the Village School, although a few were absent.

Throughout the year calls have been made upon tuberculosis cases, crippled children and adults ill.

During the fall a visit was made to Station School for classroom inspection, annual physical inspection in Village and a call made at Sebec Corner School.

Nine visits were paid in behalf of crippled children and 2 adults received attention. Conferences have been held with town officials and parents.

Total nurse inspections,	55
Special inspections,	55
Potential seven-point pupils,	16
Seven-point awards,	None
Notices to parents,	39
Field visits to pupils,	13

In closing I wish to express my appreciation of the co-operation received from all citizens throughout the years of a rapidly expanding public health nursing program.

Respectfully submitted,

LOUISE B. NICHOLS, R. N.,

For Piscataquis County Nursing Service.

The quality of work being done is very satisfactory. Teachers and pupils have worked well and I believe deserve comment for their splendid effort. The number of pupils to attend the Station School still remains too large, necessitating that those on the River Road to Dover-Foxcroft town line be conveyed to the Corner. The Back Road conveyance, so-called, will be dropped on the William Downs' end next June. Next September a new conveyance of two children will start from the Charles Greene home on the Dover-Foxcroft end of the Back Road.

Secondary school students continue for the most part to do very satisfactory grades of work. At the present time, there are three attending Foxcroft Academy and five Milo High School.

BOOKS, SUPPLIES AND LIGHTS

The total of this account may seem too large for the number of pupils we have in school, but in order to bring our

books up to a reasonable standard, it has been necessary to buy more than usual this year. A complete set of democracy readers has been bought and placed in your schools, sub-primary through the sixth grade. New Daily Life Arithmetics were introduced in grades three to eight, inclusive, with number books for the lower grades. White blackboard outline maps of the World, United States, Maine and New England States are being used at the Corner and Village buildings. Two supplementary sets of readers were purchased for grades five and six. A complete introduction of primary reading through grade four has been introduced. The Goals in Spelling workbooks have been continued this year. A reasonable number of library and supplementary books has been added. Supplies adequate for the needs and best efficiency of the schools have been furnished. The electric light bills for the Corner and Village School for the year amounts to \$27.50.

REPAIRS

The town, at its annual meeting last year, raised additional money in this account to shingle the Village school-house roof. This work has been completed by contract for \$150.00. Mr. William Towne repaired desks for the upper grades, doing an excellent job. This made available approximately twenty desks which provides reasonably well for our pupils. The Station shed roof has been re-tarred and a storm door built and placed on the front entrance. Due to the foundation of this building, it is impossible to construct anything which will give permanent service as it is continually changing position. There is still a small overdraft in the repairs account.

BUDGET FOR 1941-42

At a meeting of the Superintending School Committee estimated costs for 1941-42 were carefully considered. It was voted to ask for the following amounts:

Common schools,	\$2,500.00
High school,	
Repairs,	125.00
Superintendent,	225.00
School committee,	18.00

(NOTE: There is an overdraft of \$19.78 and an insurance policy due of \$61.80 which makes the necessary appropriation for repairs.)

I thank the Superintending School Committee, teachers, parents, citizens, and boys and girls of Sebec for your continued interest and coöperation in carrying on your school program.

Respectfully submitted,

SUPT. PERRY F. SHIBLES.

To Arthur B. Cole, a Constable of the Town of Sebec
in the County of Piscataquis, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Sebec, qualified by law to vote in affairs of the Town, to assemble at the Town House in said Town, on Monday, the ninth day of March, A. D. 1942, at nine o'clock in the forenoon, to act on the following articles, to wit:

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose a town clerk.

ART. 3. To see if the town will vote to accept the reports of the town officers as printed in the report.

ART. 4. To choose one selectman to hold office for three years, and to fill any vacancy that may occur.

ART. 5. To choose one assessor to hold office for three years, and to fill any vacancy that may occur.

ART. 6. To choose one overseer of the poor to hold office for three years, and to fill any vacancy that may occur.

ART. 7. To choose one member of the board of selectmen, assessors, and overseers of the poor, to act as chairman.

ART. 8. To choose a Town treasurer.

ART. 9. To choose one member of the superintending school committee to hold office for three years, and to fill any vacancy that may occur.

ART. 10. To choose one or more fire wards.

ART. 11. To choose one or more road commissioners, and fix compensation of same.

ART. 12. To choose all other officers usually chosen at the annual town meeting, and fill any vacancies in town offices if any.

ART. 13. To see what sum of money the town will raise and appropriate for general government expenses, i. e., town officers' salaries, town officers' expenses, election expenses, and for miscellaneous and incidentals.

ART. 14. To see what sum of money the town will vote to raise and appropriate to pay fire wards, and for street lights.

ART. 15. To see what sum of money the town will vote to raise and appropriate for health officer and school nurse.

ART. 16. To see what sum of money the town will vote to raise and appropriate for general poor relief.

ART. 17. To see what sum of money the town will raise and appropriate for aid to dependent children.

ART. 18. To see what sum of money the town will raise and appropriate for common schools, high schools, tuition, textbooks and supplies, superintendence (including salaries of school committee), maintenance of buildings and grounds (repairs and insurance).

ART. 20. To see what sum of money the town will vote to raise and appropriate for maintenance of cemeteries.

ART. 21. To see what sum of money the town will vote to raise and appropriate to pay interest on temporary loans and W. P. A. notes.

ART. 22. To see if the town will vote to raise and appropriate the sum of \$100.00 for interest on the school fund note.

ART. 23. To see what sum of money the town will vote to raise and appropriate to pay on the town debt (W. P. A. notes).

ART. 24. To see what sum of money the town will vote to raise and appropriate for maintenance of highways and bridges, and designate sums to be expended for general administration (summer roads, 50-50 maintenance, cutting bushes, snow and ice removal, plowing trunk line).

ART. 25. To see if the town will vote to raise and appropriate the sum of \$630.60 for the maintenance of State and State aid highways during the ensuing year within the limits of the town, under the provisions of Sections 9, 18, 37, and 38 of Chapter 28 of the Revised Statutes, providing for the patrol service for such roads.

ART. 26. To see if the town will vote to raise and appropriate the sum of \$516.00 for the maintenance of third class roads within the town in accordance with

the provisions of Sections 43 to 47 inclusive of Chapter 28 of the Revised Statutes of Maine.

ART. 27. To see what sum of money the town will vote to raise and appropriate for State aid road construction (in addition to the amounts regularly raised for the care of highways and bridges) under the provisions of Section 19, Chapter 28 of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 28. To see if the town will vote to instruct the selectmen to apply any money (raised for State road work and not met by the State) to the town debt.

ART. 29. To see if the town will vote to authorize the selectmen to procure temporary loans in anticipation of taxes for the purpose of paying obligations of the town, such loans to be paid during the current municipal year out of money raised during said municipal year by taxes.

ART. 30. To see if the town will vote to authorize the selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for nonpayment of taxes thereon on such terms as they deem advisable, and to execute quit claim deeds for such property.

ART. 31. To see if the town will vote to authorize the selectmen to accept cemetery trust funds, when presented to the town.

ART. 32. To see what sum of money the town will vote to raise and appropriate for the care of soldiers' graves, as provided for by Section 3, Chapter 198, of the Revised Statutes of 1941.

ART. 33. To see if the town will vote to raise and appropriate any sum of money for civilian defense and designate how same shall be expended.

ART. 34. To see if the town will vote to instruct the town treasurer to deduct a certain percentage of any man's wages due him from the town, said deductions to be applied towards paying of any taxes due the town, and to fix the percentage to be deducted.

ART. 35. To see if the town will vote to authorize the selectmen to discontinue the road from the driveway of the Will Towne farm to the end of the town road.

ART. 36. To see what manner the town will provide

for the collection of taxes for the ensuing year, and fix the compensation of the collector.

ART. 37. To choose a tax collector.

ART. 38. To choose one or more constables.

ART. 39. To choose a budget committee.

ART. 40. To act on any other business that may legally come before the meeting.

The selectmen hereby give notice that they will be in session at the town office in said town at eight o'clock in the forenoon on the day of said meeting for the purpose of revising and correcting the lists of voters.

Hereof fail not, and have you here this warrant with your doings thereon.

Given under our hands at Sebec, Maine, this twenty-fourth day of February, A. D. 1942.

EDWARD W. DOWNS,
ALBERT L. HICHBORN,
HERBERT A. MOORE,
Selectmen of Sebec.

ANNUAL REPORT OF PUBLIC HEALTH NURSING, 1941

To impress upon the parents that good health habits develop in very early childhood, home visits were made.

A few visits to prenatal patients were made during the year to help carry out instructions if under care of physicians.

In August a very well attended child health conference was held. Twenty-one children were examined by Dr. Edward Wyman, prominent Boston pediatrician, and eighteen were immunized against diphtheria, the remaining three having received the toxoid previously.

ELEANOR GRIFFITHS,

Public Health Nurse.

ANNUAL REPORT OF THE COUNTY HEALTH SERVICE

To the Selectmen and Citizens of Sebec:

I hereby submit the annual report of the County Health Service rendered the Town of Sebec for the period beginning January 1, 1941, and ending December 31, 1941.

Emphasis in this program is placed upon the child of school age, tuberculosis case finding, treatment, and cure, crippled children, and investigation of general health problems.

The annual physical inspection of school children has been completed with the following results:

Number of children inspected,	56
Number of vision defects noted,	7
Number of teeth defects (unclean),	23
Number of throat defects,	13
Number of speech defects,	1
Corrections:	
Teeth,	10

In March and September follow-up was made of a family with tuberculosis. Home visits were made to offer and give assistance needed, and aid was given to crippled children.

In December some home visits were made in regard to school health problems. Health service was given to the towns in January, February, March, September, October and December.

A Christmas Seal Play was presented by the Sebec Corner students at Christmas time. Much credit is due the students and their teacher, Mrs. Bernice Hesketh.

In the Corner school four children qualified for the Seven Point Pin and Certificate. One pupil in the Village school received the award.

I wish to thank all Sebec citizens, teachers, and the Superintendent of Schools, for their interest and help.

Respectfully submitted,

Piscataquis County Nursing Service

By NELLIE R. GIBBONS, R. N.,

Public Health Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my first annual report as Superintendent of the Schools of Sebec, Maine.

Because of the short time that I have been engaged as Superintendent in your schools, the report must, of necessity, deal only with certain phases of the school work.

The part of the year that I have worked in Sebec has been a happy one, and I am proud to be the Superintendent of Schools in your town. I sincerely hope that during my term of office the schools will continue to provide sound education and continue to progress as they did under my predecessor.

You have a fine group of young people in your schools, and a loyal, coöperative corps of teachers. It has been my observation that the teachers are very interested in the welfare of the boys and girls, and are carrying on their work accordingly. Two of the teachers registered in a fifteen-week extension course offered in Dover-Foxcroft during the fall term. This course was on "Current Problems in Modern Education" and was offered by Dr. Payson Smith, former Commissioner of Education in Maine and Massachusetts.

Schools have been maintained thirty-six weeks closing the municipal year February 20, 1942, with the following teachers:

School	Teacher	Salary
Sebec Village,	Mrs. Eleanor Greenier,	\$576.00
Sebec Corner,	Mrs. Bernice Hesketh,	576.00
Sebec Station,	Mrs. Kathleen Huff,	576.00

The conveyance drivers for the present school year are doing a fine job and are as follows:

Driver	School Route	Amount per Week
Mrs. Fred Packard,	River Rd. to Corner School,	
	11 weeks at	\$ 7.00
	River Rd. to Station School,	
	at present,	6.00
Harry Taylor,	Corner School,	10.00
Mrs. Charles Green,	Corner School,	4.00

John Ladd, Village School, 1.00

Due to the crowded condition in the Station School during the early part of the fall term, it was necessary to convey the River Rd. pupils to the Corner School. As a result of a later diminishment in the Station school enrollment, it was possible to have the River Rd. pupils attend there. This has, of course, brought about more normal conditions in the Corner School. I hope the time may come, in the not too distant future, when it will be unnecessary to maintain the Station school. The work carried on there is satisfactory as far as the efforts of the teacher and pupils are concerned, but the building is not adequate at present for school purposes.

The Secondary attendance of Sebec pupils is as follows:

Student	School Attending	Tuition per Year
Edward Blodgett,	Foxcroft Academy,	\$80.00
Thelma Blodgett,	Foxcroft Academy,	80.00
Edward Crain,	Foxcroft Academy,	80.00
Joan Clark,	Foxcroft Academy,	80.00
Kenneth Ellis,	Foxcroft Academy,	80.00
Barbara Klimavicz,	Foxcroft Academy,	80.00
Charles Taylor,	Milo High School,	70.00
Leona Cookson,	Milo High School,	70.00

I feel that most of the above named boys and girls are doing satisfactory work in their respective schools.

The textbooks are in good condition in your schools. I hope that during the next school year the teachers and I will have an opportunity to make an intensive study of all present textbooks, thus attempting to keep the schools up-to-date as far as the best and practical books are concerned.

It will be noticed that most of the \$125 appropriated last year for repair work was used to eliminate the overdraft and to pay an insurance policy of \$61.80. The main repair job accomplished during the summer was the strengthening of the underpinning of the Village School shed. The classrooms were cleaned, desks sandpapered and varnished, and floor oiled. Curtains should be installed this summer at the Corner School. This can be done at small expense as compared to the bene-

ficial results which will be obtained for the pupils.

The Superintending School Committee presents the following budget for 1942-43:

Common school,	\$2,500.00
High school,	100.00
Repairs and insurance,	100.00
Superintendent,	156.25
School committee,	18.00

In closing, I wish to express my sincere appreciation to the citizens of Sebec and to their boys and girls for the coöperation they have extended to me; to the teachers for their friendly and helpful coöperation; and to you, the members of the Superintending School Committee, for your coöperation, support, and advice.

Respectfully submitted,

C. EVERETT PAGE, JR.,

Superintendent of Schools.

REPORT OF COUNTY HEALTH SERVICE

To the Selectmen and Citizens of Sebec:

I hereby submit the annual report of the County Health Service rendered the Town of Sebec for the period beginning January 1, 1942, and ending December 31, 1942.

The service covers the health problems of all age groups, the follow-up of crippled children and the prevention, diagnosis, and treatment of tuberculosis.

The nurse made visits to the town in January, February, March, May, August, October, and December.

The school nursing report shows number of children weighed and measured by the nurse:

Number of children inspected,	53
Number of children with defective vision,	2
Number of children with defective teeth,	25
Number of children with defective throat,	7
Number of children with defective speech,	2
Number of children with defective hearing,	1

The corrective program includes 14 children having teeth corrections, two throat operations and one vision correction. Hearing was tested with audiometer of 56 children. Fifty-five were immunized against typhoid and 47 against smallpox.

An emergency call to give bedside nursing was made in February.

In April, Early Diagnosis Campaign for the Prevention of Tuberculosis month, literature consisting of posters and pamphlets and other informational material was provided for the school.

An X-ray clinic was held at Dover-Foxcroft, thereby enabling the town people the opportunity for a complete check-up.

In the three schools children qualified for the Seven-Point pin and certificate. The number qualifying was seven.

Appreciation is extended to the superintendent of schools, teachers, and citizens for their coöperation.

Respectfully submitted,

NELLIE R. GIBBONS, R. N.,

Piscataquis County Nursing Service.

Public Health Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my second annual report as superintendent of the public schools of Sebec.

The year has been a very challenging one to the schools and to their personnel. However, I feel that the challenge has been and is being met with a desire by all concerned to do their best for the good of the boys and girls.

The present war effort has brought added responsibilities, as well as increased opportunities, to pupils, teachers, and school administrators, for school and community service. The many projects carried through so successfully have attested the patriotism, adaptability, and efficiency of our teachers and pupils in the present crisis.

Schools have been maintained thirty-six weeks closing the municipal year February 20, 1943. The following persons have been engaged in the work of the schools during the present school year:

1942-1943

SEBEC ELEMENTARY TEACHERS

Teacher	Position	Salary
Sebec Village School:		
Mrs. Eleanor Greenier,	Sub-Gr. 8	\$756.00
Sebec Corner School:		
Mrs. Bernice Hesketh,	Sub-Gr. 8	756.00
Mrs. Bessie Lanpher,	Sub-Gr. 8 (substitute)	

JANITORS

Sebec Village School:	
Clyde Nason,	\$36.00
Sebec Corner School:	
Steward Langley,	36.00

CONVEYANCE

Mrs. Charles Green,	\$16.00 per week
Mr. Harry Taylor,	14.00 per week
Mr. John Ladd,	7.00 per week to Nov. 2
Mr. John Ladd,	9.00 per week to May

Following the resignation of Mrs. Kathleen Huff, teacher at the Sebec Station School, and after careful consideration by the superintending school committee and the superintendent of schools, it was decided not to open the Sebec Station School during the present school year. Taking into consideration the acute teacher shortage, and the limited school facilities offered at the Station, it seemed advisable to convey the pupils from that vicinity to the Corner and Village Schools. A survey showed that the Corner and Village Schools would each have an approximate enrollment of thirty pupils with such a consolidation. In my estimation the plan has worked very well thus far this year, and I believe the boys and girls are better off, from an educational and health standpoint.

By closing the Sebec Station School, it was possible to increase the salaries of the teachers to a level that is acceptable to the Station Department of Education. The closing of the school naturally brought about an increase in the conveyance routes in Sebec, but due to the cooperation of the conveyance drivers, parents, and pupils, the new plan has worked very satisfactorily.

A very recent survey of the number of pupils who would ordinarily attend the Station School indicates that it will be possible to continue the consolidation plan again next year. As a result of personal calls upon most of the families in the Station district, I feel that they prefer to have their children conveyed to the Corner or Village Schools.

Due to the continuous tightening of the Office of Defense Transportation regulations, it may be necessary to decrease the mileage of some of the conveyances next

year. However, we will continue with the present plan as long as it is patriotically possible.

I feel that the Sebec schools have made sound educational progress during the past year. The teachers of Dover-Foxcroft, along with the superintendent of schools, are about to begin a study of the elementary school curriculum and the textbooks now in use. I hope it may be possible, transportation permitting, for the Sebec and Atkinson teachers to sit in on these meetings, so that the study will be of benefit to the whole school union. If it is impossible for the Sebec teachers to work on these committees, the schools will nevertheless benefit from the study because all schools in the union have similar courses and are under the same supervision.

It will be noticed that there exists a small balance in the common school account as of February 20, 1943. This balance would have been larger, except for the reason explained in the following paragraph:

In the anticipated resources for the year, we had planned on a certain amount of tuition from Bowerbank, due to the children from that town attending the Sebec Village School. It so happened, however, that after nine weeks of school last fall, one family from Bowerbank moved to Sebec Village, thus eliminating further tuition in their behalf. This also partly explains why it is necessary to ask for an increase in the common school account for the next fiscal year.

The superintending school committee presents the following budget for 1943-1944:

Common school,	\$3,000.00
High school,	600.00
Repairs and insurance,	157.22
Superintendent,	200.00
School committee,	18.00

I wish to take this opportunity to give special thanks to the teachers and other citizens who have given so untiringly of their time and energy in assisting with various phases of the rationing program. More and more of this work continues to come to the schools, and the success we make of it depends upon the continued coöperation thus far manifested.

In closing, I wish to express my sincere thanks to the citizens of Sebec for the interest they have shown in the

work of our schools; also my thanks to the teachers and pupils for their friendly and helpful coöperation, and to you, the members of the superintending school committee, for your ever willing coöperation and support.

Respectfully submitted,

C. EVERETT PAGE, JR.,
Superintendent of Schools.

Art. 23. To see what sum of money the town will vote to raise and appropriate to pay on the town debt (W. P. A. notes).

Art. 24. To see what sum of money the town will vote to raise and appropriate for maintenance of highways and bridges and designate the sums to be expended for maintenance of summer roads, 50-50 road, maintenance, cutting bushes, snow and ice removal, and plowing trunk lines.

Art. 25. To see if the town will vote to raise and appropriate the sum of six hundred and thirty dollars (\$630.00) or any other sum for the maintenance of State and State

aid highways during the ensuing year within the limits of the town, under the provisions of Sections 9, 18, 37 and 38 of Chapter 28 of the Revised Statutes providing for the patrol service for such roads.

Art. 26. To see if the town will vote to raise and appropriate the sum of five hundred and sixteen dollars (\$516.00) for maintenance of the third class road within the limits of the town, in accordance with the provisions of Sections 43 to 47 inclusive of Chapter 28 of the Revised Statutes of Maine.

Art. 27. To see what sum of money the town will vote to raise and appropriate for State aid road construction (in addition to the amounts regularly raised for care of highways and bridges) under the provisions of Section 19, Chapter 28, of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 29, Public Laws of 1937.

Art. 28. To see if the town will vote to instruct the selectmen to apply any money (raised for State road work and not met by State) to the town debt.

Art. 29. To see if the town will vote to authorize the selectmen to procure temporary loans in anticipation of taxes for the purpose of paying obligations of the town, such loans to be paid during the current municipal year out of money raised during said municipal year by taxes.

Art. 30. To see if the town will vote to authorize the selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they deem advisable, and to execute quit claim deeds for such property.

Art. 31. To see if the town will vote to authorize the selectmen to accept cemetery trust funds (of not less than \$100.00) when presented to the town.

Art. 32. To see what sum of money the town will vote to raise and appropriate for the care of soldiers' graves, as provided for by Section 3, Chapter 198 of the Laws of 1941.

Art. 33. To see if the town will vote to raise and appropriate any sum of money for civilian defense and for fire protection.

Art. 34. To see if the town will vote to instruct the town treasurer to deduct a certain percentage of any man's wages due him from the town, said deductions to be applied towards paying of any taxes due the town, and fix the percentage to be deducted.

Art. 35. To see whether or not the town will vote to raise and appropriate the sum of twenty-five dollars (\$25.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine, in accordance with the provisions of Chapter 5, Section 82, of the Revised Statutes of Maine.

Art. 36. To see what manner the town will provide for the collection of taxes for the ensuing year, and fix the compensation of the collector.

Art. 37. To choose a tax collector.

Art. 38. To choose one or more constables.

Art. 39. To choose a budget committee.

Art. 40. To act on any other business that may legally come before the meeting.

The selectmen hereby give notice that they will be in session at the town office in said town at 8 o'clock in the forenoon on the day of said meeting for the purpose of revising and correcting the list of voters.

Hereof fail not, and have you here this warrant with your doings thereon.

Given under our hands at Sebec, Maine, this 16th day of February, A. D. 1944.

REPORT OF COUNTY HEALTH SERVICE

I hereby submit the annual report of health service rendered Sebec for the period beginning January 1, 1943 and ending December 31, 1943.

HEALTH SERVICE TO SCHOOLS

An individual inspection of school children was made in October with the following results:

Number of children inspected	62
Number of children with defective vision	4
Number of children with defective teeth	27
Number of children with unclean teeth	10
Number of children with defective throats	8
Number of children with defective speech	1
Number of children with orthopedic defects	2
Number of children under treatment	8
Corrections made:	
Teeth	8
Vision	1

TUBERCULOSIS PREVENTION

Through the health district the Von Pirquet tuberculin test was offered in March with the nurse cooperating. Sixty-two students were given the test. Opportunity for X-rays was provided at Dexter and two patients were X-rayed. Repeated necessary check-ups and supervision of contacts of tuberculosis is given on all referred cases.

Ten home visits were made.

A health play was presented at the Grange Hall, with children from both schools taking part.

Dr. E. D. Merrill, chairman of the Piscataquis County Nursing Service, was guest speaker and presented the seven point pins and certificates. Dr. Merrill also made the award of the 50% dental certificate, this being the first time such an award has been made.

IMMUNIZATION

The number of immunizations done have been worth while, but we should continue with this part of the program until every child is protected.

At this time I would like to extend my appreciation to the teachers, Mrs. Hesketh and Mrs. Greenier, and students for their fine cooperation. I wish to thank the Superintendent of Schools and citizens and Dr. Charles Stanhope, our district health officer, for the cooperation of this health program.

Respectfully submitted,
Piscataquis County Nursing Service,
By: NELLIE R. GIBBONS, R. N.,
Public Health Nurse.

REPORT OF THE PUBLIC HEALTH NURSE

Due to the war emergency this town has been without a Bureau of Health nurse for the past four months. Prior to that time, however, health supervision was given to mothers, babies and preschool children. National statistics and particularly selective service figures prove to us that more time and care should be spent on younger age groups. There would be fewer breakdowns and misfits as the child grows into adulthood if more adequate health service could be provided.

The public health nurse makes an effort to consider the health problems of the family as a whole and to assist your local officials and civic-minded groups to find solutions to their community health problems. A local health committee is the goal for your town in 1944.

A child health conference was held in the summer. The local committee cooperated with the Bureau of Health nurse. Dr. Eugene and Edwin Wyman of Boston gave time from their vacation for the examinations. Mothers of nineteen children took advantage of this opportunity. Many were immunized against diphtheria and smallpox.

Homes have been visited to assist mothers with the care of their babies and small children.

Periodic visits have been made as needed to crippled children by one of the Bureau of Health nurses who has had special orthopedic training.

The services of the Pediatric Clinic, which is conducted by the Division of Maternal and Child Health, have been made available to the children of the community.

With an active health committee in Sebec, much more could be done in securing health protection for this community.

GRACE J. HUNT,
Public Health Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my third annual report of the condition and progress of the public schools of Sebec.

The schools of Sebec have been maintained for thirty-six weeks, closing the municipal year February 15, 1944. The following persons have been engaged in the work of the schools during the present school year:

1943-1944

SEBEC ELEMENTARY TEACHERS

Teacher	Position	Salary
Sebec Village School:		
Mrs. Eleanor Greenier	Sub.-Gr. 8	\$792.00
Sebec Corner School:		
Mrs. Olive Crabtree	Sub.-Gr. 8	792.00

JANITORS (Pupils)

	Yearly Salary
Sebec Village School:	
Wallace Berube, September and October	\$36.00
Clayton Spaulding, Nov., Dec. and Jan.	
Gloria Nason, at present	
Sebec Corner School:	
Steward Langley	36.00

CONVEYANCES

	Weekly Salary
Mrs. Alice Green	\$16.00
Mr. Harry Taylor	16.00
Mr. John Ladd	8.00
Mr. A. H. Moore	2.00

At the close of the last school year the resignation of Mrs. Bernice Hesketh, teacher at the Corner School, was accepted with deep regret. Mrs. Hesketh served the Sebec schools very faithfully for several years and was held in high esteem by the school officials, parents, and boys and girls.

Mrs. Olive Crabtree was secured to fill the vacancy created by Mrs. Hesketh's resignation. Mrs. Crabtree is a graduate of Bangor High School and Farmington State Normal School and has had a number of years of very successful rural school teaching experience. Mrs. Crabtree is doing fine work and we were very fortunate to find a person of such sound training and experience.

Mrs. Eleanor Greenier is the teacher at the Village School and the work there continues to be of a fine caliber. Let me again point out how fortunate we are to have excellent teachers in our schools when there are so many similar schools in Maine that haven't been able to open during the present school year, due to lack of teachers.

It is very evident to those who wish to make a study of it that the conveyance problem in Sebec is quite difficult. We feel, however, this year that a quite satisfactory plan has been worked out, the success of which has been due to the drivers of the conveyances in cooperation with the teachers, pupils and parents.

It is my opinion that sound educational progress is being made in our elementary schools and the records of the boys and girls attending secondary schools seem quite satisfactory.

New report cards have been put into use in the schools this year and have been generally accepted as an improvement over the old ones. The lower grade card gives an opportunity for the teacher to check certain learning habits and traits of the boy or girl. This plan makes it possible to convey to the parents a fairly good idea as to the progress of the child without labeling him with an "A", "B", "C" or "D" so early in his school career. This card is used in the sub-primary, first and second grades and also serves as a promotion certificate at the end of the year.

The upper grade card affords an opportunity for the teacher to rank the child for his accomplishments in various subjects, but in addition provides an opportunity for the checking of "work habits". This gives the parents an

extra opportunity to understand the work being accomplished by the pupils. The values of the marks used in ranking have also been changed. This card also serves as a promotion certificate at the end of the school year. The quantity of new cards printed was just ample to take care of this year's needs with the thought in mind that suggested improvements would be forthcoming at the end of the present school year.

The major repair job last summer was the building of a new platform in front of the Corner School. This was done by Mr. Towne and is so constructed as to give more warmth and a better appearance to the school. Because it has always been difficult to heat the Village School, it was decided to move the stove from the Station School and use it in conjunction with the Village School stove already in use. This transfer, which was made during the Christmas vacation, has proved to be very helpful.

The Superintending School Committee presents the following budget for 1944-1945:

Common Schools	\$3,000.00
High School	300.00
Repairs and Insurance	150.00
Superintendent of Schools	250.00
School Committee	18.00

This total requested appropriation is \$157.22 less than was raised last year.

I wish to express my sincere thanks to all of the town officials and citizens of Sebec for the kindly interest they have shown in the progress of their schools; also my thanks to the teachers and boys and girls for their splendid spirit of helpful cooperation. I consider the citizens of Sebec fortunate in having as their representatives on the Superintending School Committee three people who are vitally interested in the educational and general welfare of their boys and girls. I consider it a privilege to serve with you and wish to express my thanks and appreciation for your ever-willing cooperation and support.

Respectfully submitted,

C. EVERETT PAGE, JR.,

Superintendent of Schools.

REPORT OF PUBLIC HEALTH NURSE

I hereby submit the annual report of health service rendered Sebec for the period January 1, 1944 to January 1, 1945.

The program provided concerns the health of the school child and community tuberculosis prevention.

TUBERCULOSIS PREVENTION

Number of homes visited	10
Interviews with Selectmen	2
Interviews with Health Officer	3

Two handicapped children are under supervision. They were provided transportation by the nurse to Bangor to the Crippled Children's Clinic. Four visits have been made to one crippled child, and one has been referred to the Pediatric Clinic for examination and recommendation.

Three home visits have been made to a diagnosed case of tuberculosis and five visits to suspected and contact cases of tuberculosis.

SCHOOL HEALTH SERVICE

In September and October the annual inspections were made and the following conditions were recorded as a result of this inspection:

Number of pupils inspected	76
Number of pupils with vision defects	0
Number of pupils with teeth defects	22
Number of pupils with unclean teeth	10
Number of pupils with throat defects	8
Number of pupils with speech defects	1
Number of pupils with symptoms of defective hearing	1

The following corrections have been made:

Teeth	5
Throat	2
Vision	1

Plans are made to offer the Patch test before the close of the school year, and arrangements made to give hearing tests in April with the use of the Audiometer.

Appreciation of the nurse is extended to all who co-operated with this health program.

Respectfully submitted,

Piscataquis County Tuberculosis
and Health Association

BUREAU OF HEALTH NURSING SERVICE
JANUARY 1 TO DECEMBER 31, 1844

With the passing of each year of the war, there is an increased need for Good Health and fewer resources for obtaining it. This makes the requirement greater for communities to find ways to help themselves. Scarcity of Doctors, Nurses, wartime restrictions on travel and rationing of foods, means that maintenance of good health standards on the home front is becoming more important. Communities that use Health Resources at their command such as Pediatric and Crippled Children's Clinics, Child Health Conferences and Immunization Clinics find that better health can be maintained.

During the past year your Bureau of Health Nurse made home visits to mothers stressing the importance of continuous medical supervision and giving health guidance before and after the birth of the baby. Visits were made to assist parents of infants and small children with health problems. Parents were urged to take their children to the family physician for physical examinations and immunizations.

The services of the Crippled Children Clinics and Pediatric Clinics of the Bureau of Health have been made available to children in this Community.

One Child Health Conference was held in August where fourteen infants and preschool children were examined by a physician and dentist and recommendations made for correction of defects. Ten were vaccinated for smallpox, one immunized against tetanus and eleven received one injection of diphtheria toxoid.

The cooperation of the Doctors Wyman and the Child Health Conference Committee of Sebec is appreciated by the mothers of the community.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my first annual report of the condition and progress of the public schools of Sebec.

The Schools of Sebec have been maintained for thirty-six weeks, closing the municipal year February, 15, 1945. The following persons have been engaged in the work of the schools during the present year:

1944-1945

Teacher	Position	Salary
Sebec Village School:		
Mrs. Eleanor Greenier,	Sub-Gr. 8	\$828.00
Sebec Corner School:		
Mrs. Jane W. Grant,	Sub-Gr. 7	\$828.00

Janitors (pupils)

Sebec Village School:	Weekly salary
Gloria Nason	\$ 1.50
Sebec Corner School:	
Steward Langley, Sept., Oct., Nov.	\$ 1.50
Mrs. Grant and pupils, Dec., Jan.	\$ 1.50

CONVEYANCES

	Weekly salary
Mrs. Alyce Green	\$16.00
Mr. Harry Taylor	\$16.00
Mr. John Ladd	\$ 8.00
Mrs. Sadie Cuthbertson, Sept., Oct.	\$ 2.00
“ “ “ Nov. Dec., Jan.	3.00

At the close of the last school year the resignation of Mrs. Olive Jules Crabtree was accepted with real regret. During her year at the Corner School the pupils had made commendable progress under her skillful and friendly leadership.

Miss Jane Washburn (now Mrs. Grant) of Dover-Foxcroft, who was secured to take Mrs. Crabtree's place was graduated from Foxcroft Academy in 1943, and has a year of training at Farmington Normal School. She is interested in her work and in the prob-

lems and welfare of her pupils, enthusiastic, and eager to improve. Considering the crowded situation at the school, I feel that her work has been more than satisfactory.

Mrs. Eleanor Greenier at the Village has continued to keep an excellent school. I consider her one of the best rural school teachers in Union No. 84.

The conveyance plan worked out by Superintendent Page and the School Committee last year continued to function, on the whole, very smoothly until the unprecedented snowfall of January caused some disruption. It is a fact, however, that most towns in this area had equal, if not greater difficulty in getting all their children to school during that month. I should like here to express my deep appreciation to our conveyance drivers who have made their trips many times this winter in the face of severe difficulties, and to the fathers and mothers who have cooperated with us in getting their children to school.

I believe that, considering the crowding of the schools, satisfactory educational progress is being made in our elementary grades, and that our secondary school pupils are doing good work at Foxcroft Academy and Higgins Classical Institute.

Because of conditions, no major repairs were undertaken this year. The platform at the Village School was made serviceable for another year by replacing planks which had worn and rotted away; new fronts were put into the stoves at both schools; and the chimney cleaned and repaired at the Corner School at the Insurance Commissioner's recommendation. Both schools were thoroughly cleaned and the floors oiled during the summer.

In order to relieve somewhat the crowded conditions of our schools, as well as to alleviate in a measure the conveyance problem, interested citizens have requested the townspeople to vote on the reopening of the Hariman School. The Superintending School Committee therefore presents two budgets for 1945-1946:

Account	If two schools	If 3 schools
Common Schools	\$2600	\$3000
High School	1000	1000
Repairs & Insurance	50	50
Superintendent of Schools	200	200
School Committee	30	30
	<hr/>	<hr/>
	\$3880.00	\$4280.00

The total requested appropriation is for two schools \$162 more than was raised last year. For three schools \$562 more than was raised last year.

I should like to say here that I have found the schools of Sebec to be generally well equipped, and to have in use the best and the most up-to-date textbooks available. These things reflect the genuine interest of your School Committee in education, as well as the professional leadership of your former superintendent, Mr. C. Everett Page, Jr.

To Mr. Page I am happy to acknowledge the considerable debt of gratitude I owe him for the time and care he took last summer in helping me to get acquainted with the various phases of Sebec school administration.

I wish further to express my real gratitude to Mr. Herbert Moore, Mrs. Pauline Davis, and other town officials and citizens who have been so helpful to a newcomer; to Mr. Clarence Ireland, Mrs. Ina Towne, and Mrs. Flora Lampson of the School Committee who have given most loyal support to the superintendent as well as a generous amount of their time and efforts in the best interest of the schools consistent with a reasonable tax burden; to Mrs. Greenier, Mrs. Grant, and the boys and girls for their willing cooperation; and to all the friendly people of Sebec who have helped to make my first months with you among the pleasantest of my experience.

Respectfully submitted

Hayden L. V. Anderson

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my second annual report of the condition and progress of the public schools of Sebec.

The Schools have been maintained for thirty-seven weeks, to the close of the municipal year, February 15, 1946. The following persons have been employed by the school department during the year:

1945-1946

Teacher	Position	Yearly Salary
SEBEC CORNER SCHOOL:		
Mrs. Kathleen Hichborn	Sub.-Gr. 5	\$1,000.00
SEBEC VILLAGE SCHOOL:		
Mrs. Eleanor Greenier	Sub.-Gr. 3	1,000.00
Mrs. Muriel Brewer	Gr. 4-Gr. 8	1,000.00

JANITORS

	Weekly Salary
SEBEC CORNER SCHOOL:	
Daniel Huff—Sept.-Dec.	\$1.50
Mr. J. Quincy Livermore	2.50
SEBEC VILLAGE SCHOOL:	
Mr. Kenneth Lancaster	5.00

CONVEYANCES

	Weekly Salary
Mrs. Muriel Brewer	\$ 1.50
Mrs. Sadie Cuthbertson	3.00
Mrs. Alyce Green	16.00
Mrs. John Ladd	10.00
Mr. Harry Taylor	22.00

With the conviction that the townspeople looked to the School Committee for relief from the crowded school situation, a careful survey of probable school enrollments was made last summer, when a figure approaching 80 was indicated. Since this would mean worse crowding than ever, if only two schools were maintained, the feasibility of opening a third school was considered. Three possible locations were available. Of these, the Harriman School had been rejected by vote of the Town, leaving the Station School and the upper room at the Village School. Of the two, the Village upper room seemed more practical. It was

large enough for 35 or more pupils where the Station School would hardly accommodate 15; opening it would mean that we could divide or group the schools into lower and upper grade groups; opening it would also enable us to accept all of Barnard's and Bowerbank's elementary pupils and receive considerable income from tuition. On the other hand, it seemed likely that conveyance costs would be greater if all the upper grade children were taken to the Village.

After thorough discussion, it was voted to open the upper room at the Village, and a new plasterboard ceiling was put up, doors repaired, walls painted, new stove installed, and furniture and books moved in in time for the opening of school last fall.

Mrs. Muriel Brewer of Milo was secured to teach the upper grades in the reopened room. She has studied at Keene, New Hampshire Teachers' College, and has two years of teaching experience at Lake View Plantation. Her pupils, benefiting from having five or more members in each grade, instead of perhaps one or two as in the former arrangement, are making satisfactory progress.

Mrs. Eleanor Greenier was assigned to the lower grades in the Village School in accordance with her own preference and the feeling of the Committee that she was particularly successful with younger children. Parents have told us how pleased they were with the extra time and attention which the teachers are able to give the primary grade children, particularly in reading and arithmetic, under the present grouping of grades.

Upon the resignation last spring of Mrs. Jane W. Grant, Mrs. Kathleen Hichborn of Sebec was secured to teach the Corner School, and was subsequently elected to the same position for the present school year. She is a strong, capable teacher and has kept a busy, well-disciplined, and interested school.

Conveyance has, as was anticipated, been more expensive this year, largely because all the upper graders from the River Road, South Sebec, Sebec Corner, and the Milo and Dover Roads are taken to the Village. Actual increase in cost amounts to \$9.50

weekly. It is not necessary to repeat here that our conveyance problem is still perplexing. It is to the real credit of the drivers that in the thousands of pupil-miles of transportation this year, there has been so little discomfort and only one minor accident.

Looking at the schools as a whole, I am convinced that our girls and boys are getting a considerably better chance in school than they had last year, that they are making correspondingly greater progress, and that the increase in school expense has been a sound investment in the future of our town.

Aside from the work at the Village, little repairing was done this year. The buildings were cleaned as usual, and non-freezing tetrachloride-type fire extinguishers placed in each one. For next year we recommend the appropriation of \$360 in the repairs account to clear up an overdraft of about \$110, and to put wall-board on the hall at the Village, as well as to put up a fire escape. Some interior decorating is also needed in all three rooms.

The Superintending School Committee presents the following budget for 1946-1947:

Common Schools	\$4,300.00
High School	1,000.00
Repairs and Insurance	360.00
Superintendent of Schools	225.00
School Committee	30.00
	<hr/>
	\$5,915.00

The total requested appropriation is \$1,505.00 more than was raised last year. About \$500.00 of this sum is to meet overdrafts caused by making repairs, by keeping an extra week of school at Christmas, and by increased conveyance and janitor expense. The remainder of the increase is to a considerable extent chargeable to the greater cost of maintaining three schools for a whole school year, since a year ago we had to plan on only part of a year for the third school.

Again this year it has been pleasant to work with such cooperative people as Mrs. Lamson, Mrs. Towne, and Mr. Ireland of the School Committee; Mrs. Davis, Treasurer, and Mr. Moore, First Selectman of the

Town of Sebec; Mrs. Greenier, Mrs. Hichborn, and Mrs. Brewer of the teaching staff; Mr. Lancaster, Mr. Livermore and Daniel Huff, janitors; and Mrs. Cuthbertson, Mrs. Green, and Mr. Taylor, conveyance drivers. We have all shared the most important public business a town can undertake.

Respectfully submitted,

Hayden L. V. Anderson

Auditor's Report

The following extracts from the last audit of the books of the Municipal Officers of the Town of Sebec are printed in accordance with the requirements of Chapter 84, Section 80, of the Laws of Maine, 1945.

A complete copy of the 1945 audit is on file at the Selectmen's Office at Sebec Corner.

ALBERT J. CLUKEY

Selectmen of Sebec.

March 8, 1945

Board of Selectmen

Sebec, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the town of Sebec have been audited for the fiscal period February 15, 1944, to February 15, 1945, inclusive.

Our examination was made in accordance with generally accepting auditing standards applicable in the circumstances and included all procedures which we considered necessary.

Insofar as we can ascertain within the scope of our examination, the result discloses that the many financial transactions of this town have been handled in accordance with statutory requirements.

Comments and related statements of Auditors Libby and Gould, who conducted the examination, are incorporated in this report.

All of which is respectfully submitted,

FRED M. BERRY,

Very truly yours,

State Auditor.

COMMENTS

Cash—General, \$828.99

Cash on deposit and subject to check as of February 15, 1945, was confirmed with the depository and the amount so reported together with the cash on hand, \$15.43, reconciled with the balance as shown on the town records. The total amount represents a decrease of \$450.24 from the balance of February 15, 1944.

Expenditures were made by check from authorized warrants, supported by invoices on file.

Taxes—Property, \$516.02

The tax commitment was compared with the Assessors' records and accounted for either by cash paid the Treasurer, tax liens or abatements.

Payments received on prior years' tax liens and deeds appeared to have been applied against the proper accounts. The detailed lists of tax liens and deeds are in agreement with the control accounts.

No mail verification was made of the uncollected items.

Trust Funds, \$1,065.22

Schedule 6 lists the trust fund investments together with information relative to the income currently derived and amounts withdrawn. Savings pass books covering these investments were examined and it appeared that the income had been properly used.

Net Deficit, \$891.85

Reference to Exhibit A indicates that as of the close of the municipal year, there was a Net Deficit of \$891.85, as compared with a Net Deficit of \$910.44 shown the previous year, or a beneficial change of \$18.59.

General

The records of dog licenses issued by your Town Clerk showed collections in the sum of \$47.60, which amount has been forwarded to the State Treasurer.

Records are maintained covering Withholding Tax deductions and monies are sent quarterly to the Collector of Internal Revenue.

We recommend that the Tax Collector deposit all money collected to the Treasurer rather than to the bank as now being done.

Excise tax collections were checked in detail with the duplicate receipts.

TOWN WARRANT

To Clarence W. Ireland, a constable of the Town of Sebec,
in the County of Piscataquis, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Sebec, qualified by law to vote in affairs of the Town to assemble at the Town House at said Town on Monday, the tenth day of March, A. D. 1947, at 9 o'clock in the forenoon to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk.

Art. 3. To see if the town will vote to accept the report of the town officers as printed.

Art. 4. To choose one selectman to hold office for three years, and fill any vacancy that may occur.

Art. 5. To choose one assessor to hold office for three years, and fill any vacancy that may occur.

Art. 6. To choose one overseer of the poor to hold office for three years, and fill any vacancy that may occur.

Art. 7. To choose a town treasurer.

Art. 8. To choose one member of the superintending school committee to hold office for three years, and fill any vacancy that may occur.

Art. 9. To choose one or more road commissioners, and fix compensation of same.

Art. 10. To choose one or more fire wards.

Art. 11. To choose all other officers usually chosen at the annual town meeting, and fill any vacancies in town officers if any.

Art. 12. To see what sum of money the town will vote to raise and appropriate for general government expenses, i. e., town officers' salaries, town office expenses, miscellaneous, and incidentals.

Art. 13. To see what sum of money the town will vote to raise and appropriate to pay fire wards, and for street

lights.

Art. 14. To see what sum of money the town will vote to raise and appropriate for health officer and school nurse.

Art. 15. To see what sum of money the town will vote to raise and appropriate for general poor relief.

Art. 16. To see what sum of money the town will vote to raise and appropriate for Aid to Dependent Children (Mothers' Aid).

REPORT OF PUBLIC HEALTH NURSE

The fight against the enemies of public health is never ended. Your community needs to find better ways, more effective weapons to use. One of these is more enlightened parents. Leaders in programs to promote and safeguard health have proven that more time and attention needs to be given to the prospective mothers and fathers, the infant and pre-school age child. Much harm is done by waiting until the child enters school before focusing attention on his health.

During the past months your Bureau of Health nurse has made home visits to parents, stressing the importance of continuous medical supervision and giving health guidance before and after the birth of the baby. Visits were made to assist parents of infants and small children with health problems. Parents were urged to take their children to their own family physician for examination and immunization.

Due to the interest of the Child Health Conference Committee and to Drs. Edward and Eugene Wyman, one Child Health Conference was held in August. Thirteen children were examined and advice given to the mothers and several immunizations were started to be completed by the family physician.

The services of the Pediatric and Crippled Children's Clinics were available to the children of this community.

A local Health Council made up of interested citizens would make the services of the Bureau of Health more effective to your community.

Respectfully submitted,

EILEEN THOMAS,

Bureau of Public Health Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee:

I present herewith my third annual report of the condition and progress of the public schools of Sebec.

The schools have been maintained for thirty-seven weeks, to the close of the municipal year, February 15, 1947. The following persons have been employed by the school department during the year:

1946-1947

Teacher	Position	Yearly Salary
Sebec Corner School		
Mrs. Evelyn S. Clement	Sub. -Gr. 6	\$1,000
Sebec Village School		
Mrs. Elizabeth W. Vigue	Gr. 4-Gr. 8	1,000
Miss Shirley Clark	Sub. -Gr. 3	1,000

CONVEYANCES

	Weekly Salary
Mrs. Sadie Cuthbertson	\$ 3.00
Mr. Robert Green	2.00
Mrs. Alyce Greene	25.00
Mr. Charles Taylor	25.00
Mr. Harry Taylor	26.00

Janitor work, for the most part, has been done by the teachers at \$2.50 a week. During the fall months Danville Huff was janitor at the Corner School at the same wages.

We have a completely new staff of teachers this year. Mrs. Evelyn Stiles Clement of Sebec, who is teaching the Corner School, attended Farmington Normal for three summer sessions and has three years of teaching experience. Miss Shirley Clark of Sebec is teaching the primary grades at the Village School. She is a graduate of Foxcroft Academy and studied last summer at Gorham Normal. Mrs. Elizabeth Wiggin Vigue of East Corinth, who teaches the upper grades at the Village School, was graduated from East Corinth Academy last June, and also attended Gorham Normal during the summer.

I am happy to report that all three of our new teachers are doing really good work in spite of heavy pupil loads. The teachers are all interested, loyal, and hard working, and their pupils are making sound and steady progress.

Conveyance has again been our most perplexing prob-

lem. We have had to convey more pupils over more miles than ever before. Costs have been much higher; about \$25 a week at present in excess of last year's average. Part of this is explained by the fact that last year two of our teachers also conveyed pupils, and were able naturally to do it more reasonably than a regular driver.

It is difficult to suggest a better plan of conveyance in view of the number of roads that must be traveled, the location of our buildings, and the time element. I do believe, however, that economies and better efficiency would result if the town owned a vehicle of about 25-pupil capacity which could be put on the "heaviest" routes and supplemented with two, or possibly three, short feeder routes using passenger cars as at present.

Eighteen of our young people attended secondary schools during the fall term and did successful work. The state pays us \$875 yearly to help with their tuition bills; this sum will probably be increased to \$1000 next year.

We did a fairly complete job of repairing and redecoration at the Village School last summer. The woodshed was straightened up and the floor lowered so as to accommodate more wood; the hall and stairs to the upper room sheathed and painted, and the walls and ceiling of the upper room painted. All three rooms were cleaned and minor repairs made.

Next year three jobs need badly to be done: electric lights should be installed in the Village upper room, a fire escape built at the Village School, and the Corner School completely redecorated inside.

The Superintending School Committee presents the following budget for 1947-1948:

Common Schools	\$5,500.00
High School Tuition	1,200.00
Repairs and Insurance	401.76
Superintendent of Schools	258.24
School Committee	30.00
	<hr/>
	\$7,390.00

The total request is \$975.00 more than was raised last year. It provides for raising the teachers' salaries for the increase in high school tuition (from \$100 to \$125 a year) for increases (of \$25.00) to the bookkeeper and superintendent, and for paying small overdrafts now existing.

I am grateful to all persons who have helped to make

the past school year a good one. Money and efforts spent in behalf of the schools are not "expense"; they are an investment in boys and girls, and in a better Sebec for tomorrow.

Respectfully submitted

HAYDEN L. V. ANDERSON

Superintendent of Schools

AUDITOR'S REPORT

The following extracts from the last audit of the books of the Municipal Officers of the Town of Sebec are printed in accordance with the requirements of Chapter 84, Section 80 of the Laws of Maine, 1945.

A complete copy of the 1946 audit is on file at the Selectmen's Office at Sebec Corner.

Selectmen of Sebec

April 4, 1946

Board of Selectmen

Sebec, Maine.

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the Town of Sebec have been audited by Auditors R. J. Crosby and R. M. Parsons for the period February 16, 1945 to February 15, 1946 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report impartially present the financial position of the town and the result of its operations for the period designated. Recommendations have been made which, we believe, are worthy of your consideration.

Comments and other data incorporated in this report may prove of interest to you. All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,

State Auditor

Re: Audit of the Town of Sebec

February 16, 1945 to February 15, 1946

An examination has been made of the financial transactions of the Town of Sebec for the municipal year ended February 15, 1946.

This examination consisted of a thorough check of all cash received and disbursed and such test checks of other operations as seemed advisable. All asset and liability accounts were reviewed and verifications made to the extent deemed necessary.

CASH

The General Fund cash at February 15, 1946 amounted to \$430.01 and is available for current operations. Verification was made with the bank confirming the amount on deposit.

ACCOUNTS RECEIVABLE

This account is made up of an amount due the town for expenditures for an individual who received aid from the town several years ago. According to the Selectmen, this account may be collected on settlement of the estate. It is recommended that a reserve be set up to take care of loss when and if a settlement is made.

TAX LIENS AND DEEDS

Payments received and adjustments made on tax liens and deeds were examined and verified with the records. The liens and deeds remaining unpaid were on file with the Treasurer and were checked in detail.

NOTES PAYABLE

A direct verification of notes payable was made with the bank and individual holding the notes.

TRUST FUNDS

The trust funds held by the town were examined in detail as to investment, and income received and paid out.

GENERAL

Corporate surety bonds covering the Tax Collector and Treasurer were found on file and appeared to be proper.

It is recommended that a check be drawn on Withholding Tax and Teachers' Retirement Fund deductions and deposited in the General Fund until time for payment to the proper agency. Thus the proper liability will be reflected on the town books at all times.

The books and records were found readily available and

efficiently maintained.

The Tax Collector should be commended for the excellent record he made in collecting 100% of the collectible taxes.
